

## 7 simple reasons why Godfactor® is a great investment of your prayers and financial support . . .

1. **Our name says it all.** We are not promoting an individual or personality, but *Jesus Christ*, and the advancement of His Kingdom. *Our passion is the spread of God's glory throughout the earth;*
2. **Our country, and the world, seem to be at the tipping point,** in need of God's mighty movement like never before. The need for **effective evangelism** and **true spiritual awakening is greater than at any other time in history.** *Godfactor is a ministry dedicated to effective evangelism and true spiritual awakening;*
3. **We have very effective methods that focus on replication.** *Godfactor is about replication, replication, replication. We're reaching people, changing lives here in the USA and in third-world countries, using the most effective means available that promote unconditional surrender to Jesus Christ;*
4. **We operate on a shoe-string budget,** and keep costs as low as possible so we can reach as many people as possible. We know how to stretch a dollar, and are committed to this same approach as we grow, so we continue to reach people for the glory of God;
5. **We have solid, Bible-based, theology.** In a day where the Bible is under increasing assault, you might be encouraged to know that our theology is thoroughly biblical, evangelical, and Christ-honoring;
6. **We have a solid Board of Directors and accountability.** Our Board is comprised of men who love God and want to ensure that His reputation is protected in all we do through *Godfactor*. Personal holiness and true integrity are at the heart of everything we do;
7. **Our only bottleneck is finances.** While other investments are shrinking, the invitations for us to come and minister are increasing, limited only by finances. *We simply need help.*

**BONUS!** Your gifts are **tax-deductible**, because *Godfactor* is a non-profit charitable organization, recognized by the IRS. You can take advantage of tax deductions while changing lives.

**Together,** we can change the world – for the glory of **God.**
